

Toward MetaVerse Asset

TrustVerse ROADMAP 2022

Drafted on 17th of March, 2022

**This is a roadmap and plans can be changed due to business and market condition*

*** This document does not prefer nor recommend to buy certain asset, but this is just informative material to help understand the project*

**** We do not direct sell or engage in 'TRV,' it can only be interfaced or be exchanged in listed proper exchange*

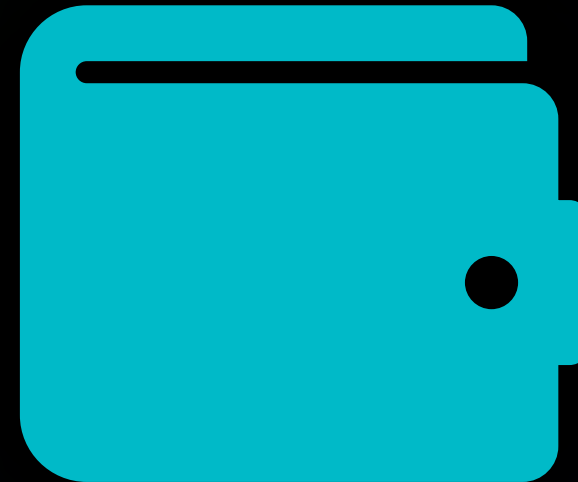

TrustVerse 'Universe of TrustVerse'

DIGITAL WEALTH MANAGEMENT
BRIDGING METaverse NFT AND DEFI SPACE

All New Service Upgrades 2022

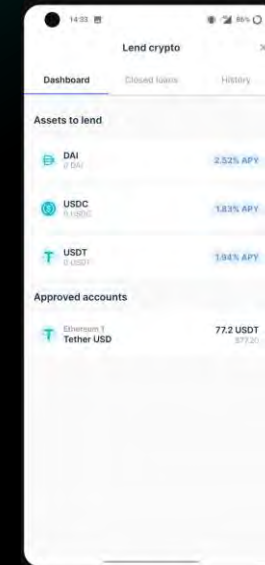

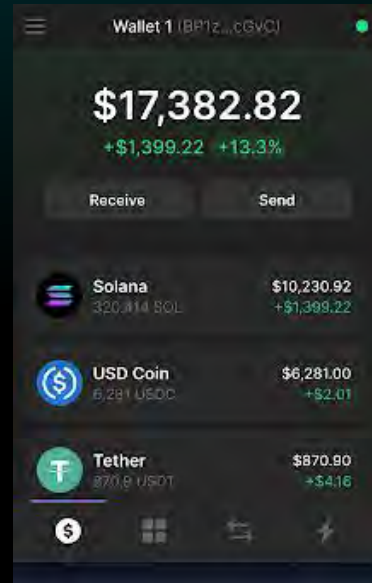

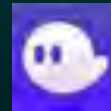

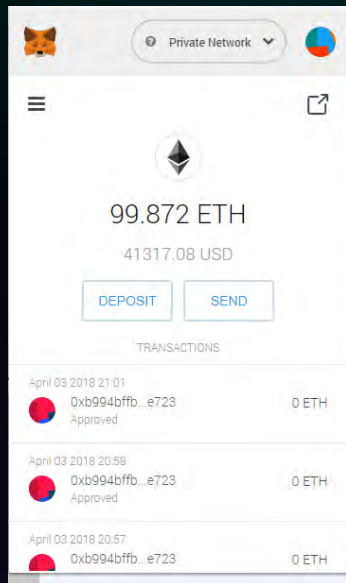

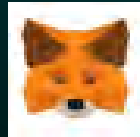

- MasterKey will be offered to multi-million user wallet DAO (Soon will be announced)
- MasterKey to adopt Polygon Chain
- Supports Enterprise grade API to support trust, insurance and enterprise customers
- Integrates inheritance and legacy function as digital wealth management
- NFT Bank (Supports game, music, sports entertainment NFTs)

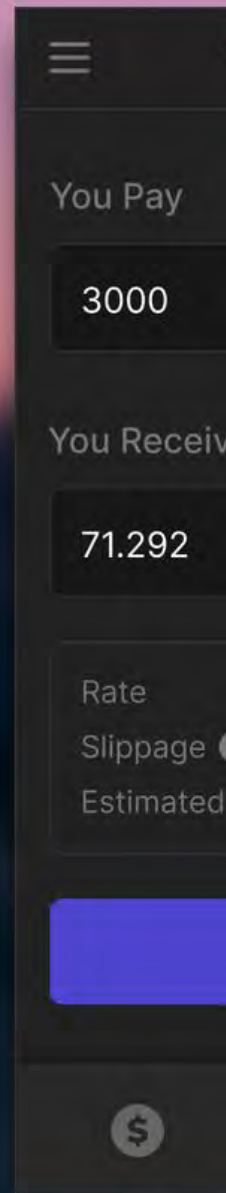

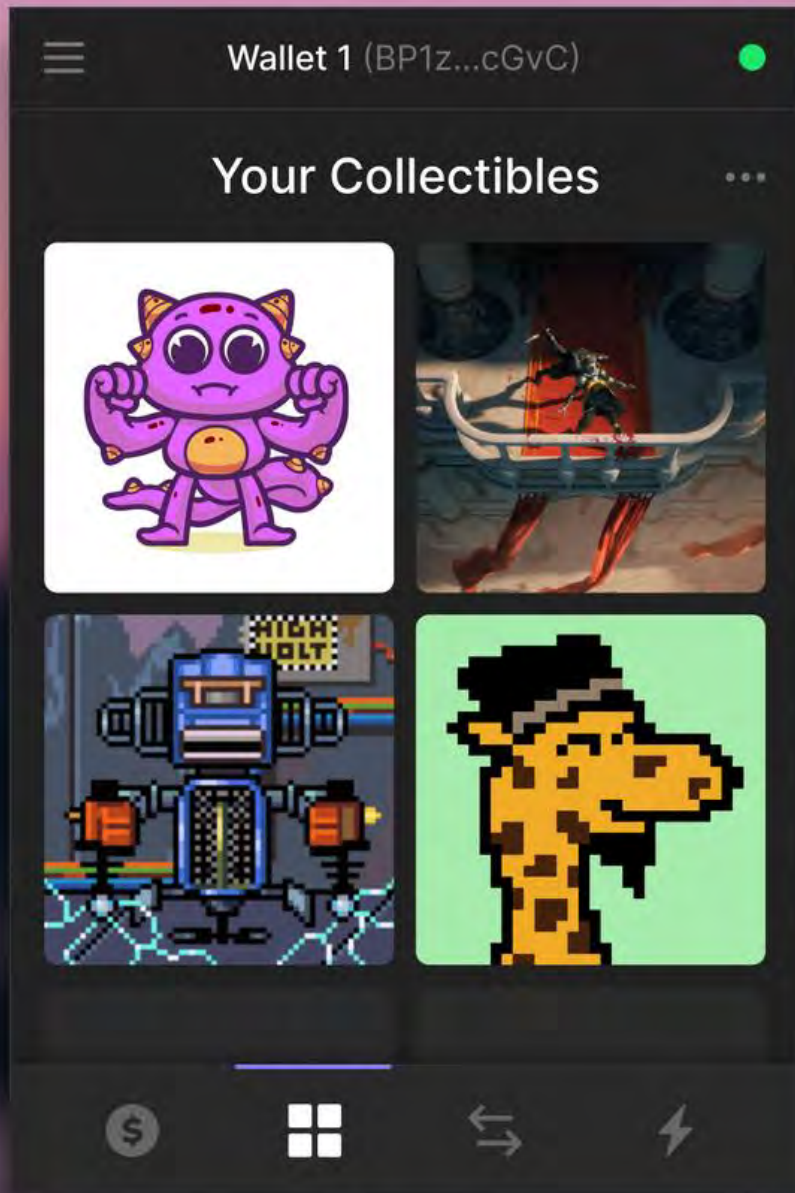

Will be announcing new NFT, and wallet partners every quarter!

Digital Asset Wallets are Accessed by Private Key

- Most existing wallets are protected by both private key and seed phrases
- Other means, it has dependency on Seed Phrases and 1-step Private Key(Password)
- Seed Phrases(Mnemonic) gives access to recover the wallet from from decentralized network, it also helps to import the wallet to different device(s)
- Supports any kind of wallet! Asset of any kinds.

Many More

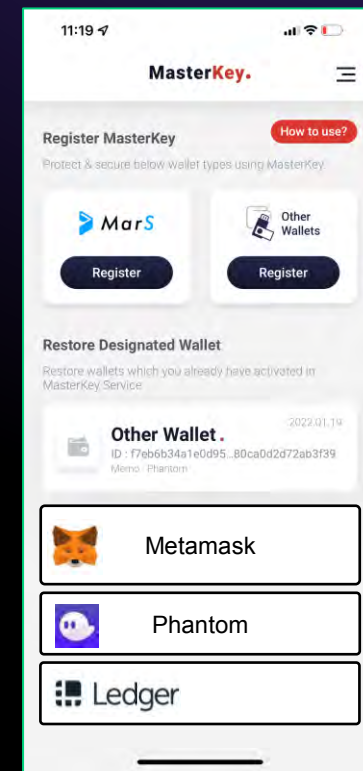

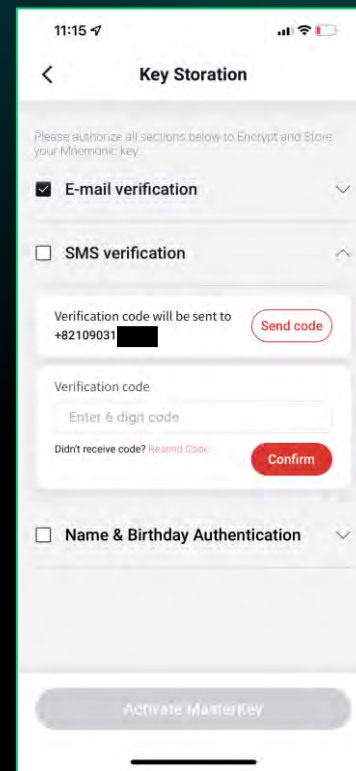

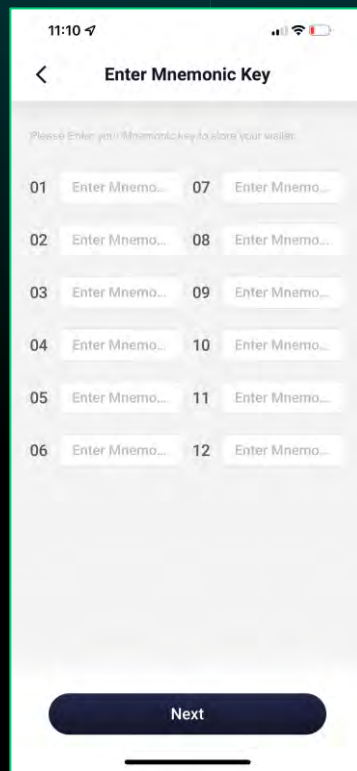

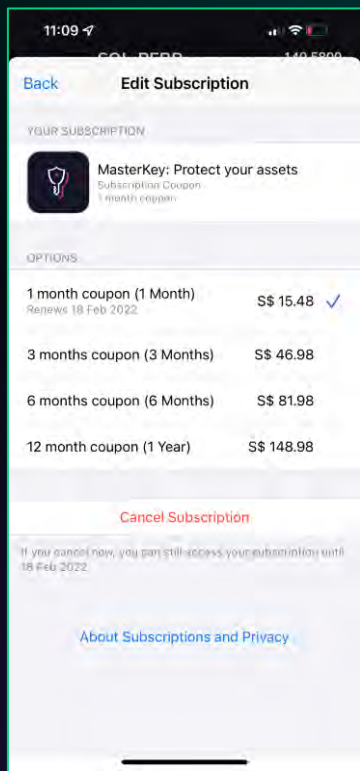

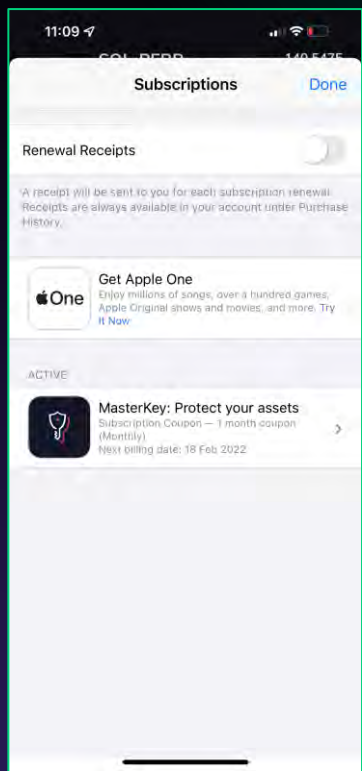

Digital Asset Wallets Supporting Both Defi token and NFTs

- Most prevalent wallets support not only cryptos but DeFi tokens, as well as NFT
- However, even with these wallet assets, 'Seed Phrase(Mnemonic)' acts as the crucial part of keeping the asset safe

MasterKey Multi-wallet/Key Management Scenario

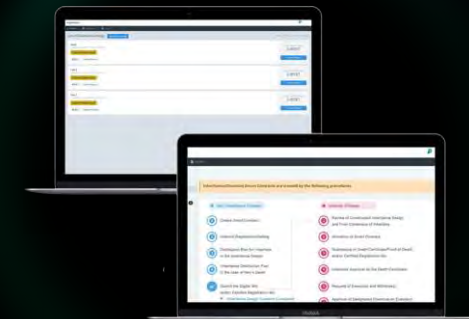

- MasterKey allows Multiple Wallet Key Management.
- It includes any wallet type which supports Crypto, NFT and DeFi assets
- Simple yet secured way to restore/recover the digital assets in-case the device is lost or private key is forgotten
- How to work with MasterKey? Download 'MasterKey App' and “REGISTER” other wallets.

MasterKey 2022-23 Roadmap with Legacy/Inheritance Planning on Smart Contract

- As digital asset industry is expanding, there are demand for family office/institutions to offer smart contract based asset transfer to designated entity or family members in safe way
- If something happens to wallet/asset holder without endowing private key information to family member, then it is as good as being lost
- MasterKey will be implementing ‘Digital Legacy/Inheritance Plan Service’ as digital wealth management and insurance policy to existing MasterKey service
 - Digital legal advice
 - Taxation on Digital Asset
 - Protection Service

TRV Tokenomics 2022

- Every month TRV will be repurchased back by the company with the performance of its quantitative trading engine and algorithm (Demand pool)
- TRV will be offered on partnered DEX (with new pair)
- TRV token to be used as fee model for consumption service, such as MasterKey
- TRV liquidity pool
- List on top-tier exchange
- Global ecosystem for TRV (expand outside of S. Korea)

**This is a roadmap and plans can be changed due to business and market condition*
